

NUECES WATER SUPPLY CORPORATION

Boil Water Notice

All RURAL Customers served by the Nueces Water Supply Corporation from the Agua Dulce, Sablatura Park, Banquete, Central, Driscoll and Bishop East Pump Stations.

Public Water System (PWS) #1780052

February 17, 2021

Due to the frigid temperatures, electricity outages and resulting water pressure drops, the Texas Commission on Environmental Quality has required the Nueces Water Supply Corporation (public water system) to notify its **rural customers** to boil their water prior to consumption (e.g., washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions).

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. The water should be brought to a vigorous rolling boil and then boiled for two minutes.

In lieu of boiling, individuals may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes.

When it is no longer necessary to boil the water, the public water system officials will notify customers that the water is safe for drinking water or human consumption purposes.

Once the boil water notice is no longer in effect, the public water system will issue a notice to customers that rescinds the boil water notice in a manner similar to this notice.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

Please note: This does NOT include the residents of the Cities of Agua Dulce, Driscoll and Bishop. This does NOT include the residents in the community of Banquete. Those are separate Public Water System from the Nueces Water Supply Corporation.

If you have questions concerning this matter, you may contact Carola G. Serrato at 361-592-1720. The Corporation's mailing address is: 2302 East Sage Road, Kingsville, Texas 78363.
